### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The prior art fails to teach or suggest the claimed invention as a whole including a discharge path formed between the inside cover and the outside cover for discharging a medium vented from the filter housing through the pressure relief valve, in the context of a filter device comprising a filter element disposed in a filter housing having a housing port closed by a housing cover, said filter housing having an inlet for supplying a medium to be purified to an unfiltered side of the filter element and an outlet for discharging purified medium from a filtered side of the filter element, and a pressure relief valve arranged on the housing cover and subjected to a pressure on the unfiltered side of the filter element, wherein the housing cover is constructed in two parts and comprises an inside cover and an outside cover, the pressure relief valve being mounted on the inside cover.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Marguerite J. McMahon whose telephone number is 703-308-1956. The examiner can normally be reached on flex.
